# ROADS Thru INDIAN COUNTRY

To Stacy, nice knowing
ya, been and hope you have
a great summer. We've gone together
through Boarding School and
and I can't imagine going through
anything worse. At least we passed.
Bye.

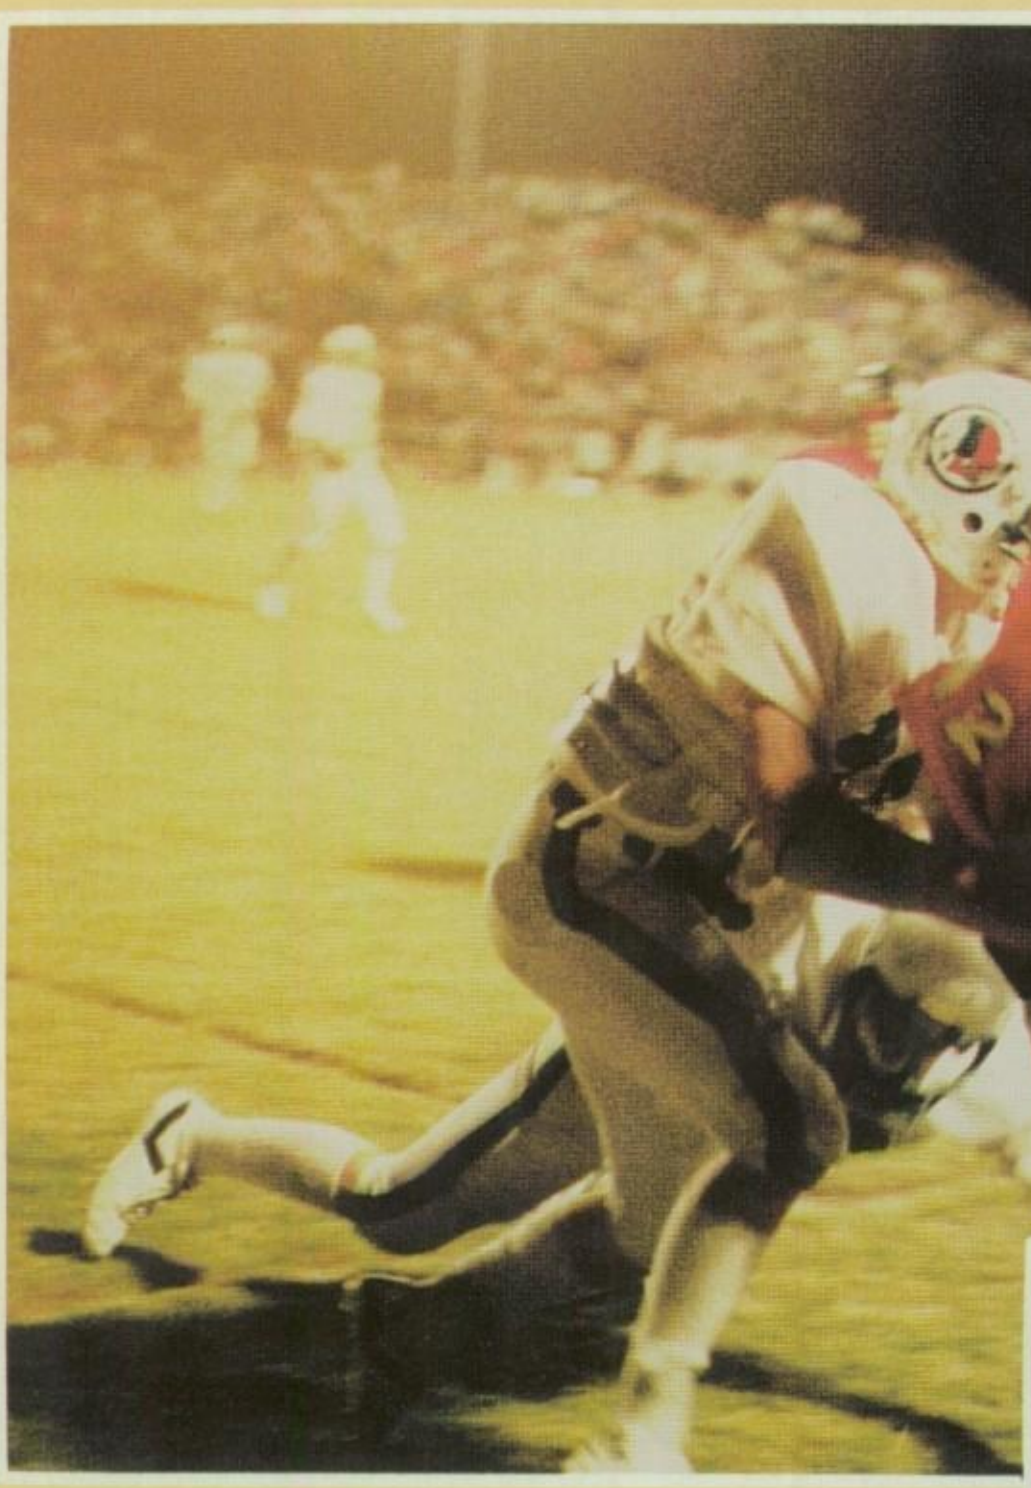
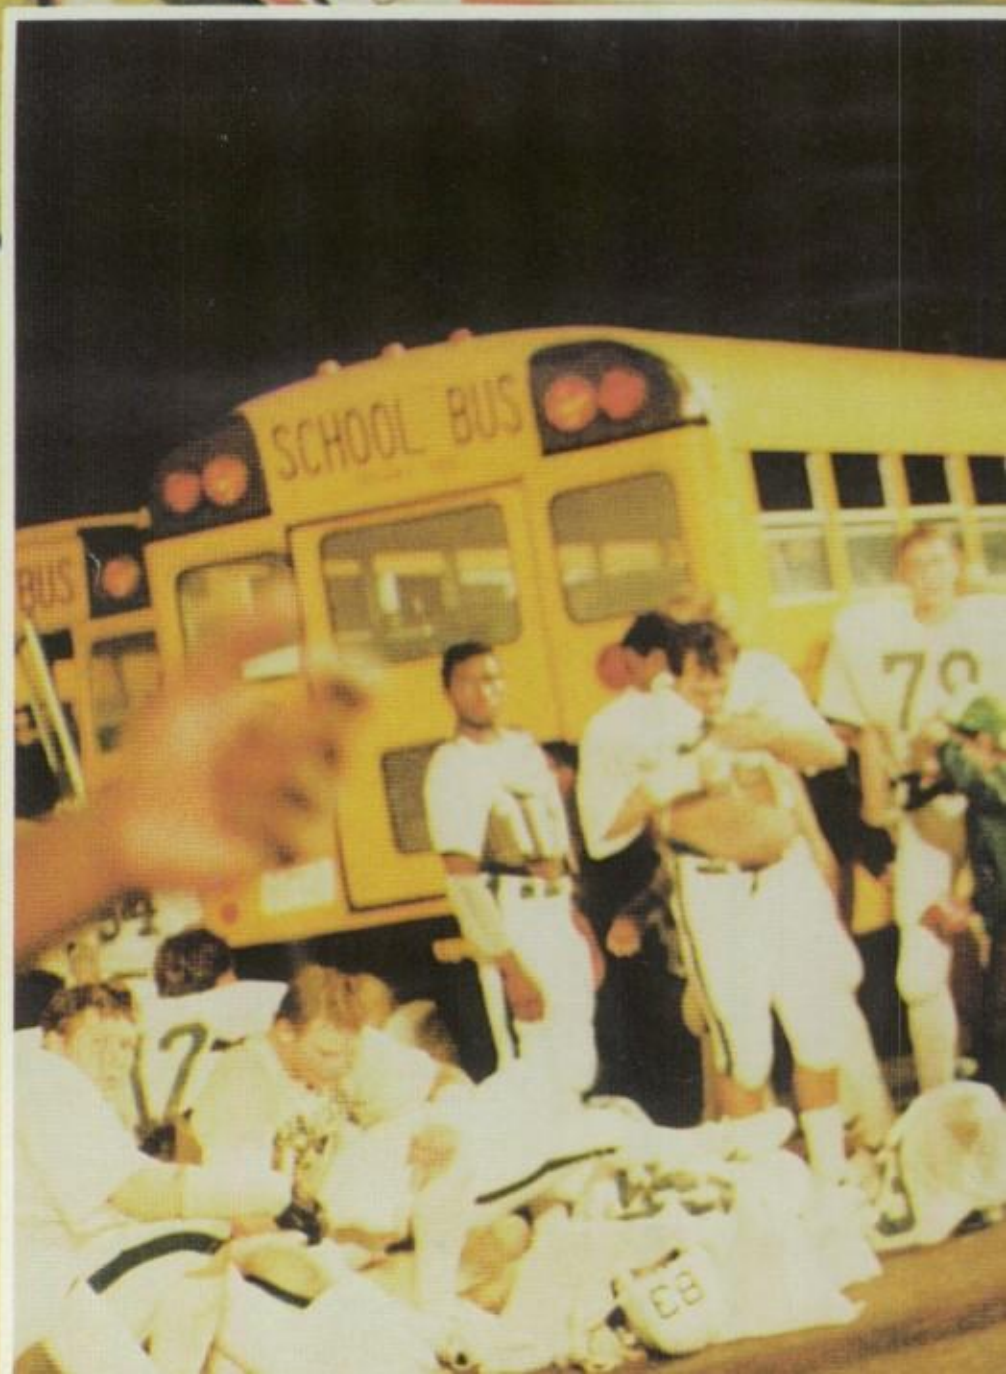
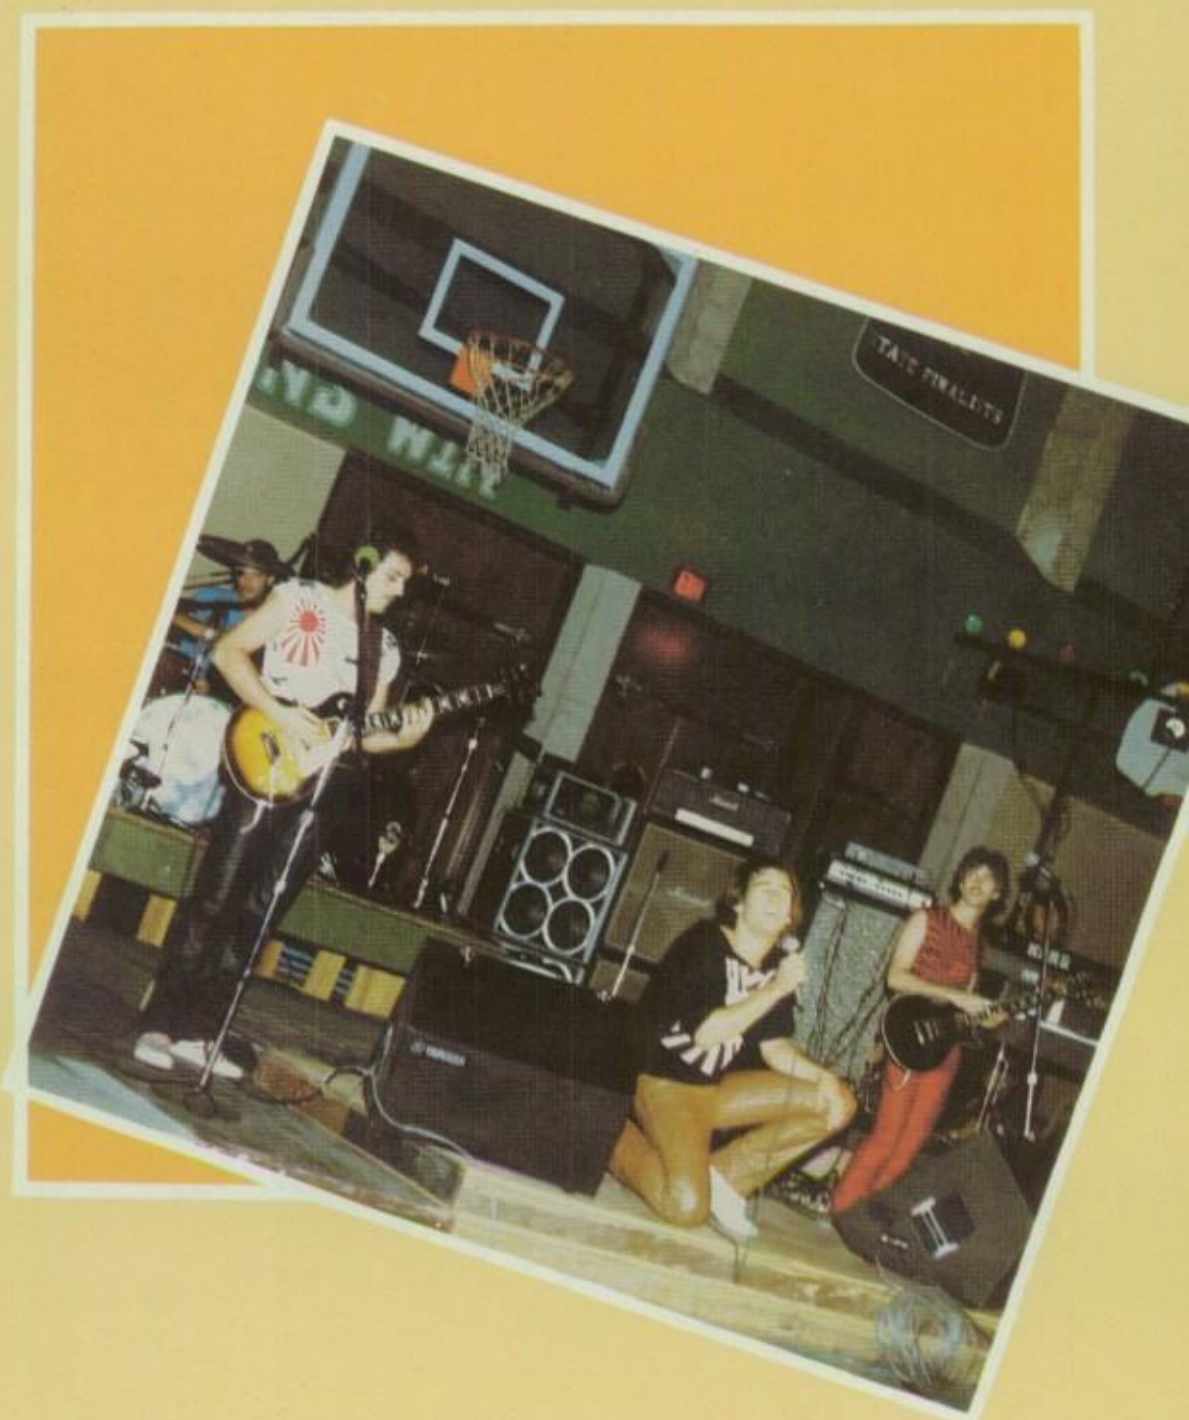
# ROADS THRU INDIAN COUNTRY



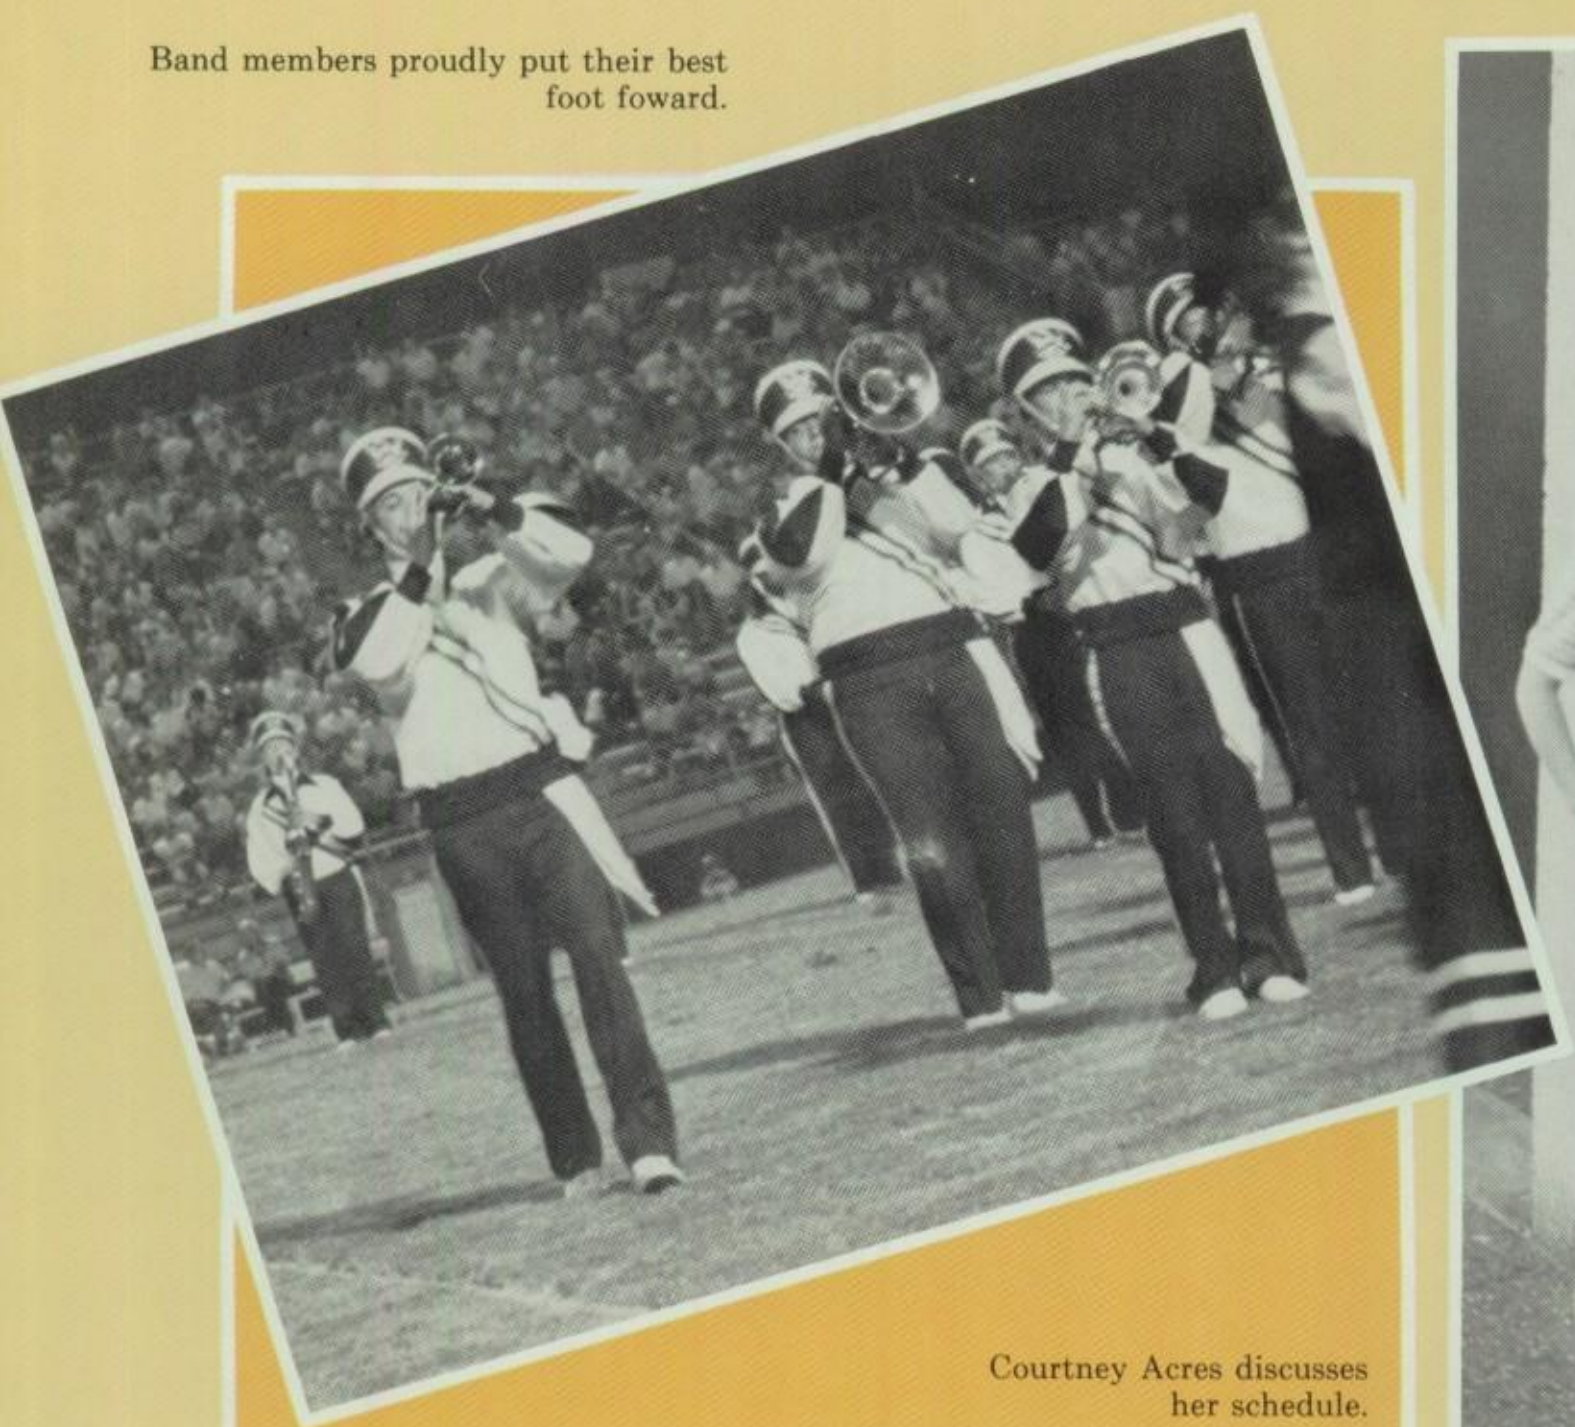
ROADS THRU INDIAN COUNTRY ARE TRAVELED BY STUDENTS AT WHS EVERYDAY. THE ROADS LEAD THEM TO NEW EXPERIENCES AND PLACES CREATING MANY DIFFERENT EMOTIONS.





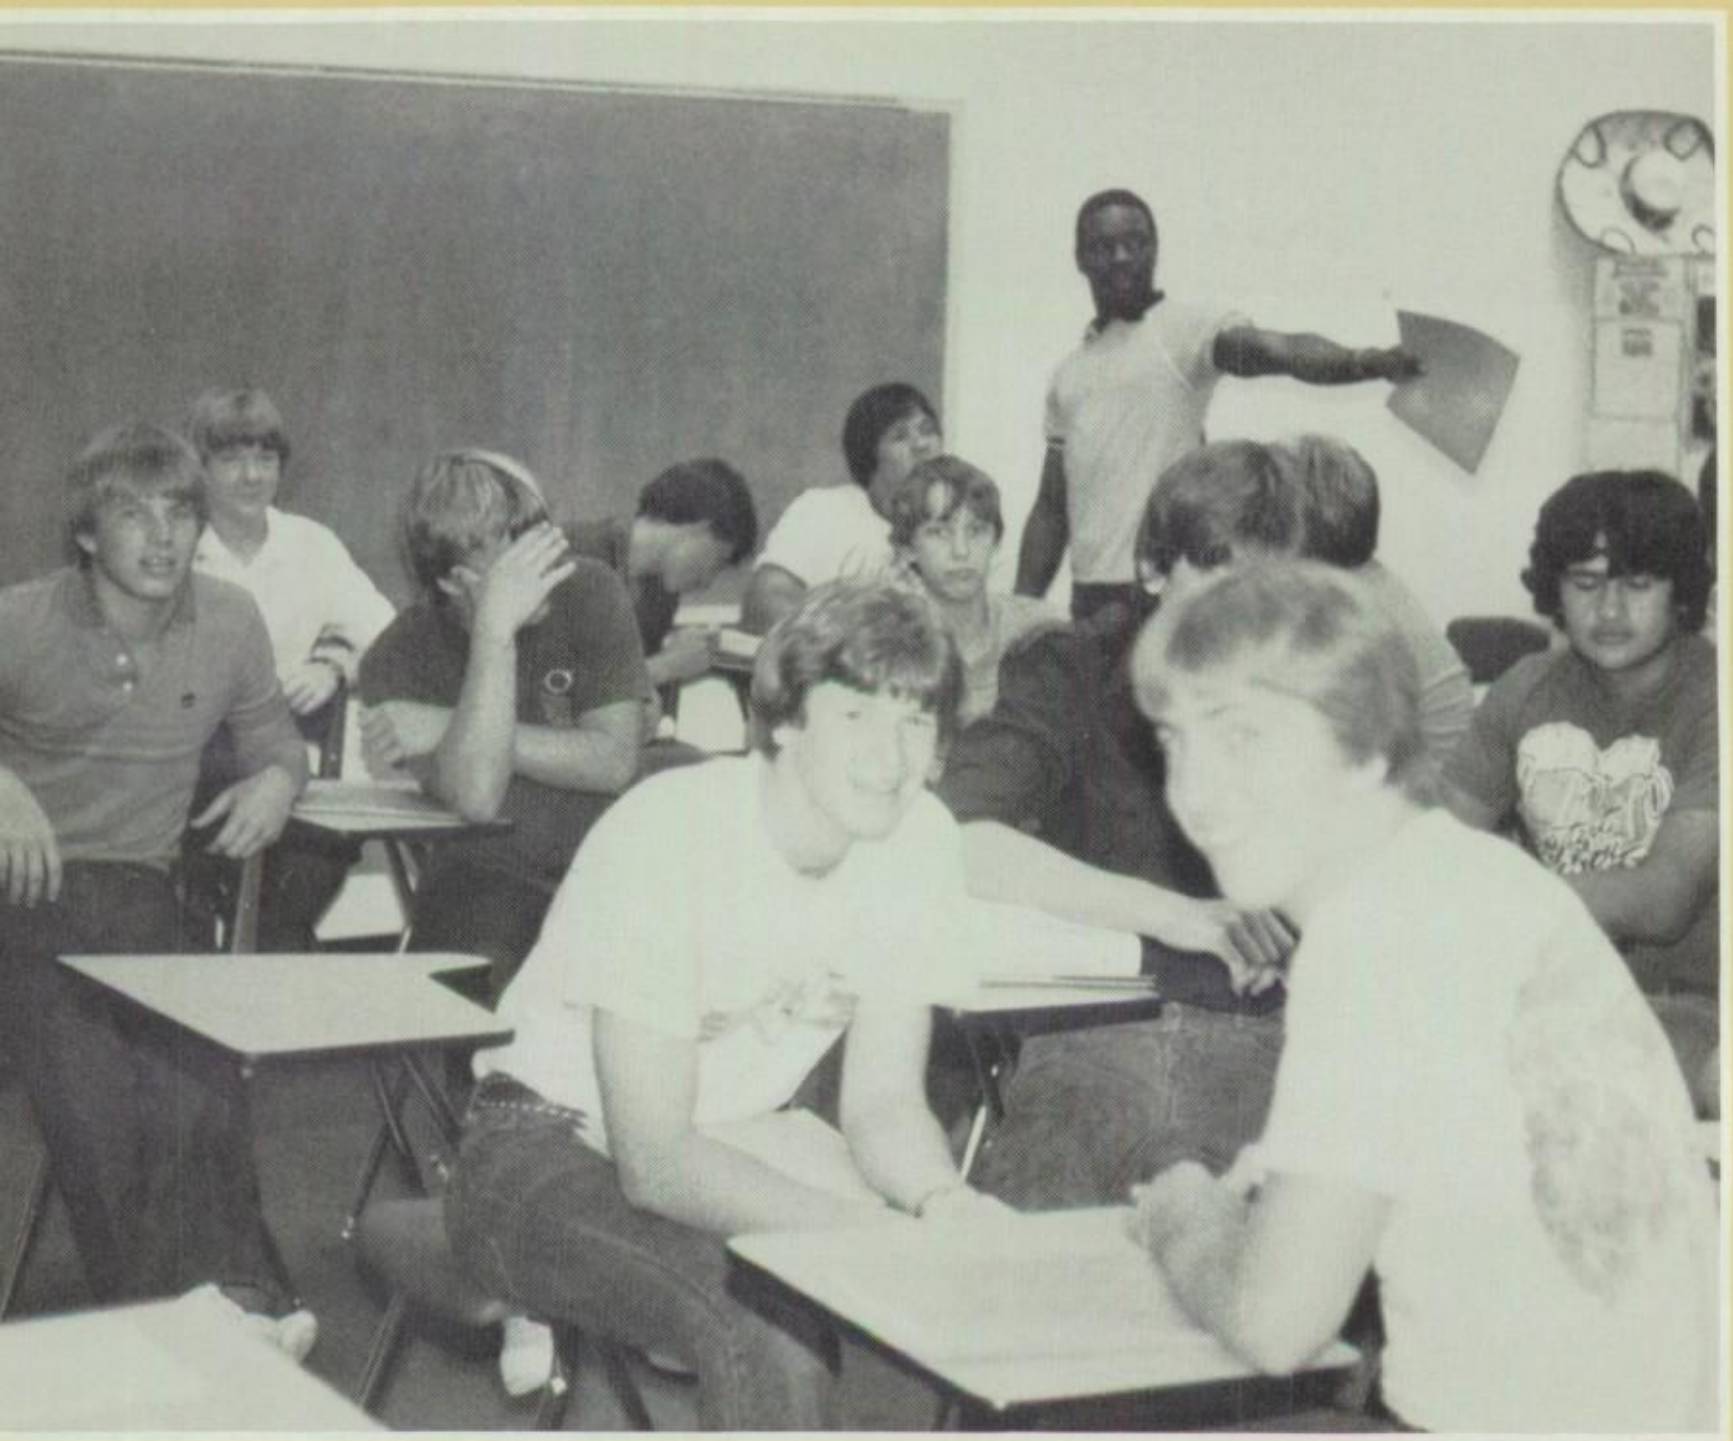
THE FRESHMEN HAD TO SWITCH FROM BEING "BIG WARRIORS" TO "LOW MAN ON THE TOTEM POLE." THEY ALSO HAD TO DEAL WITH NEW PROBLEMS LIKE CROWDED HALLS AND STUCK LOCKER DOORS. THE SOPHOMORES WERE MERELY LOST IN THE SHUFFLE. THEREFORE, BEING NAMED THE "LOST TRIBE."

Band members proudly put their best foot foward.



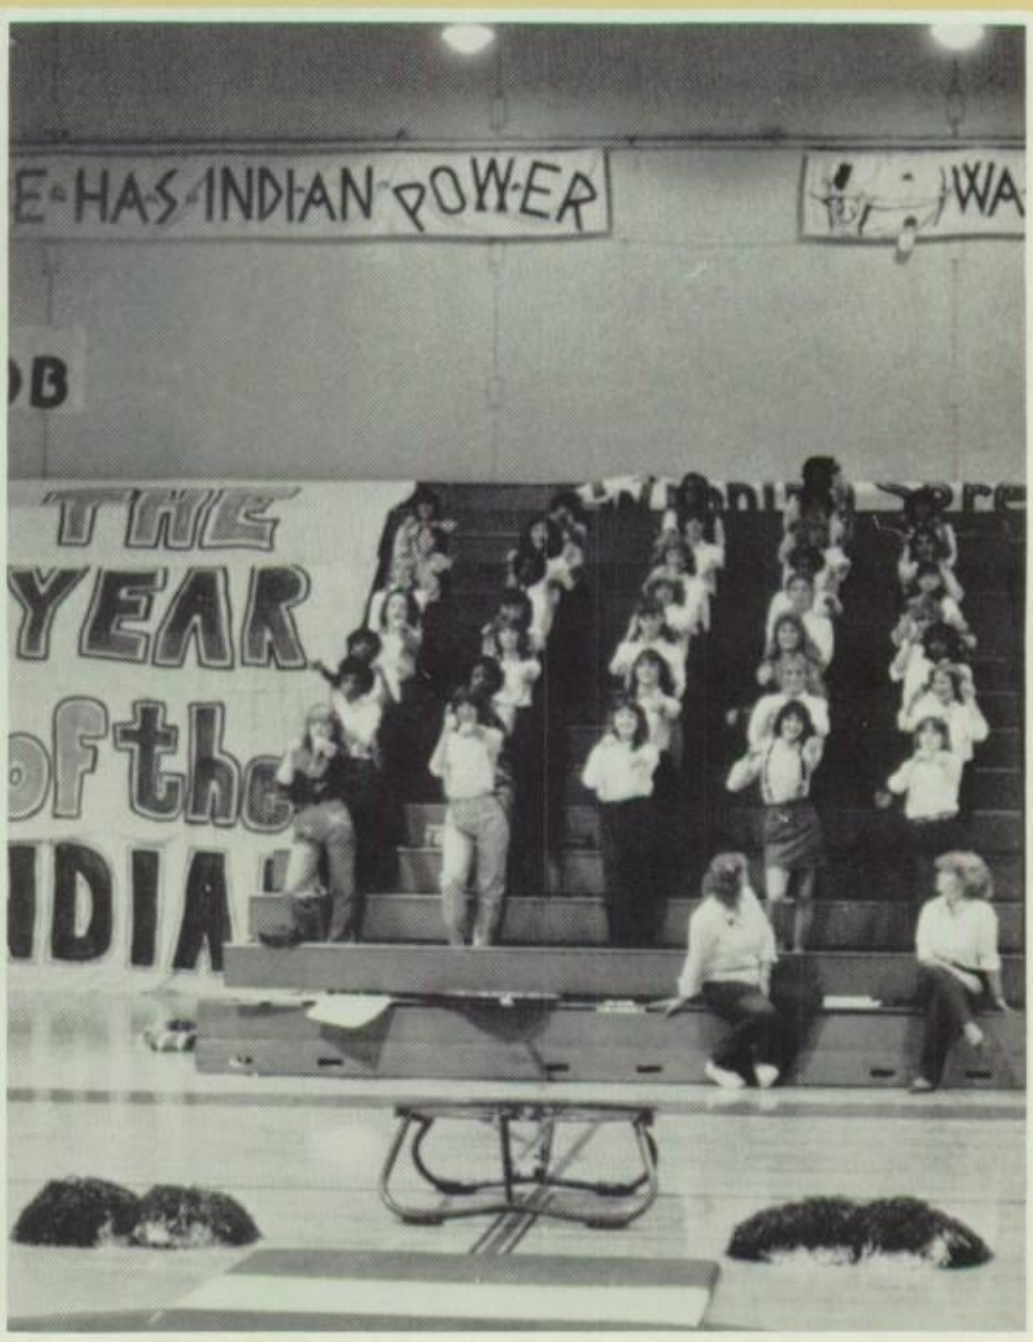
Courtney Acres discusses her schedule.

David Schwartz knows the answer.



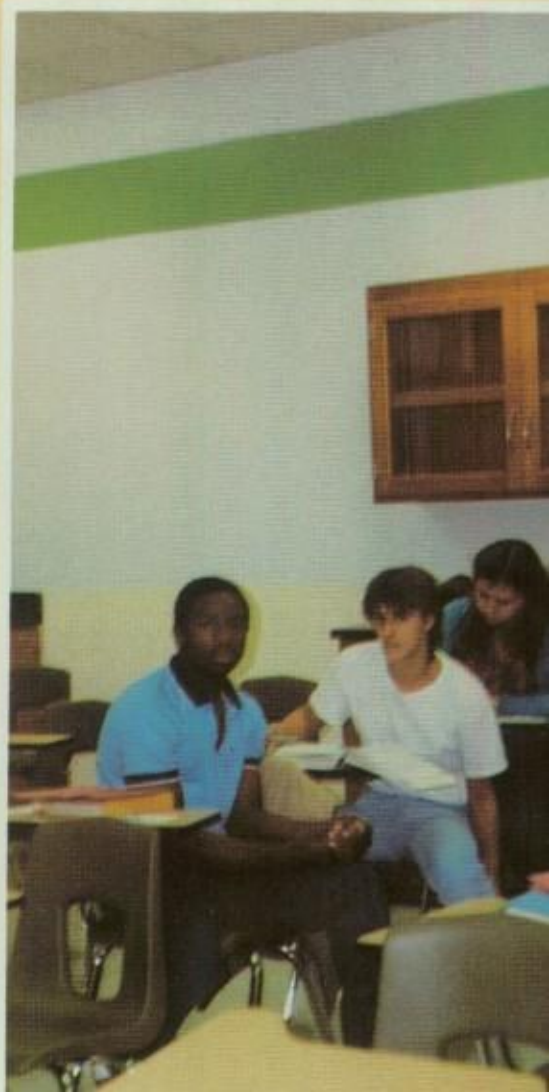
Robby has feathers on his mouth.

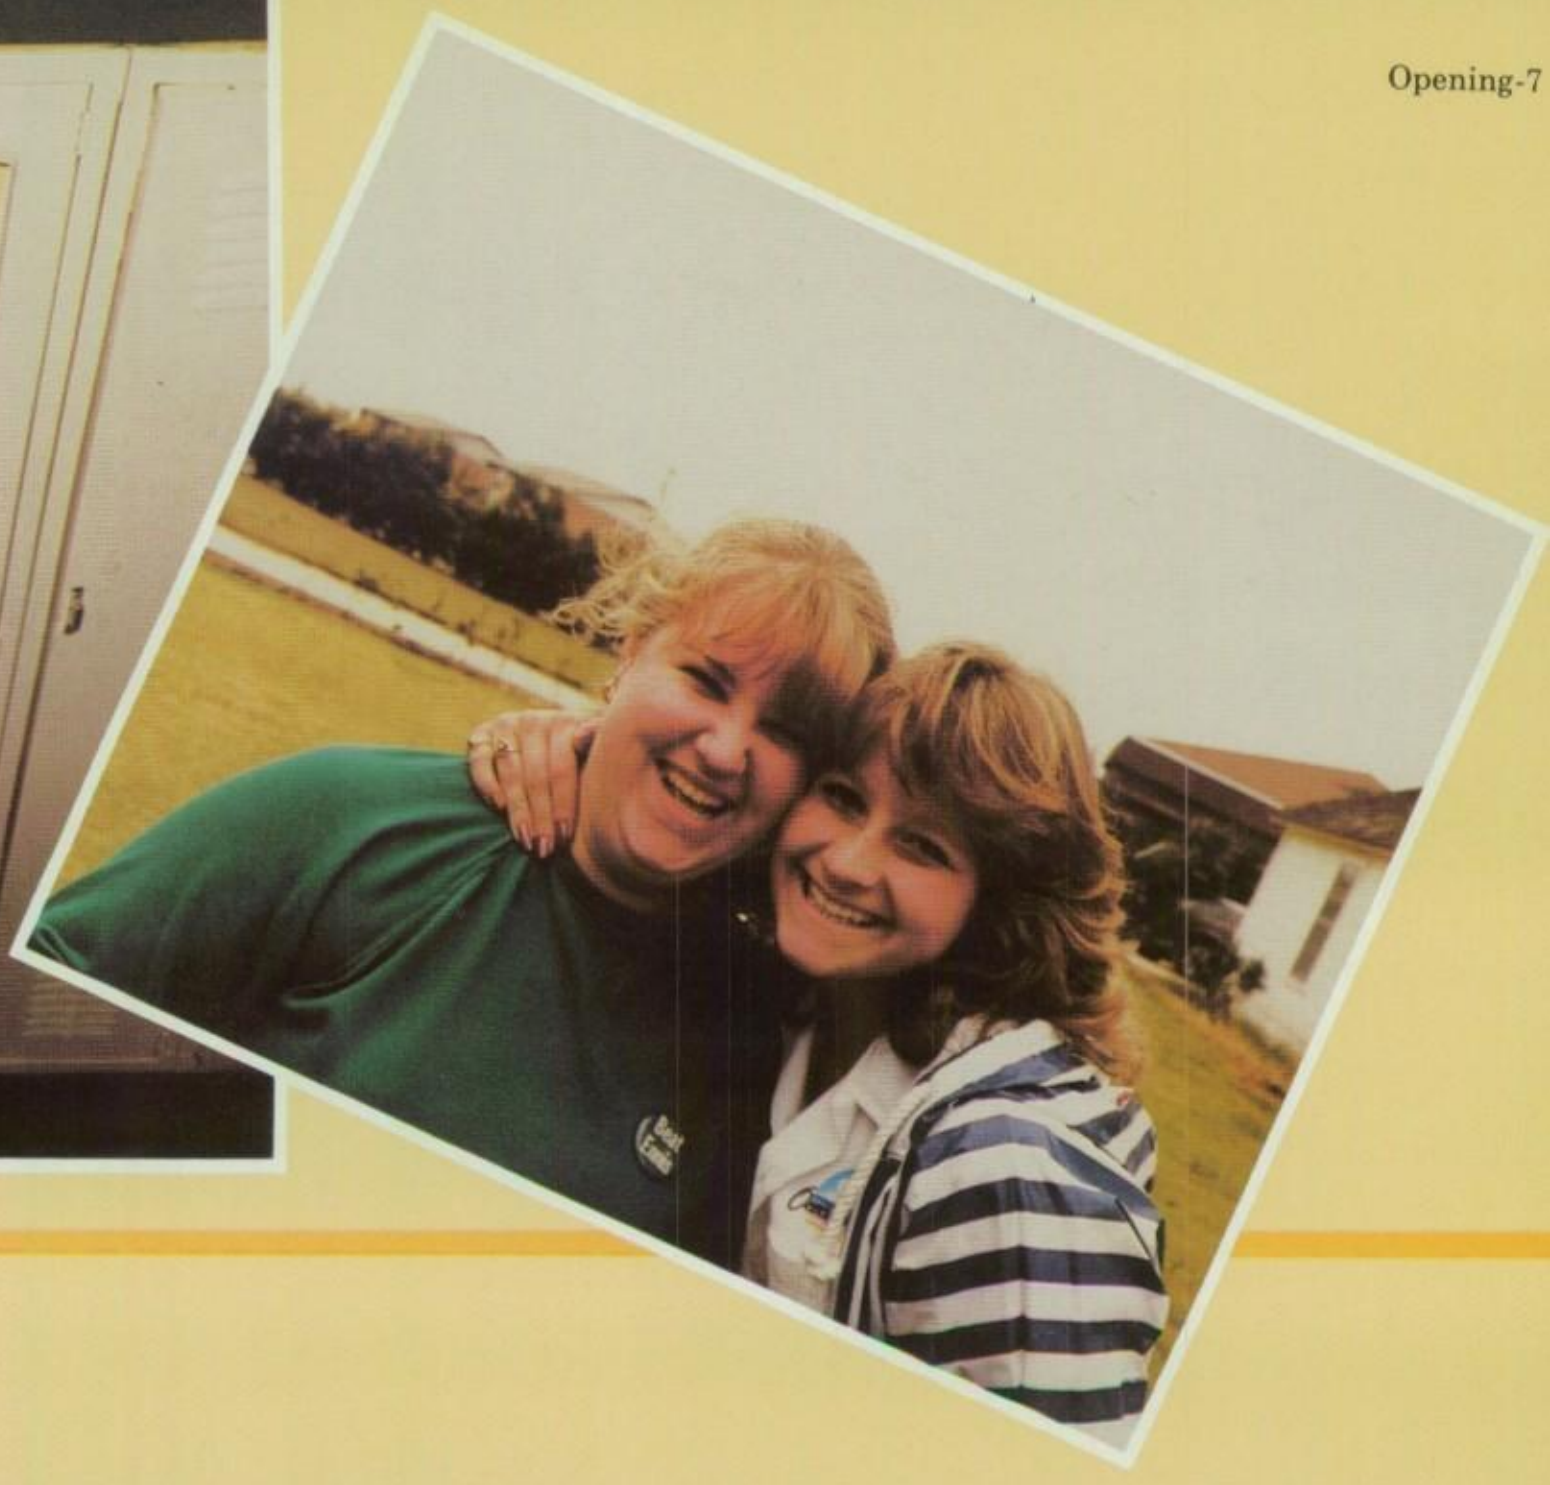
Mrs. Stockman poses for a picture.



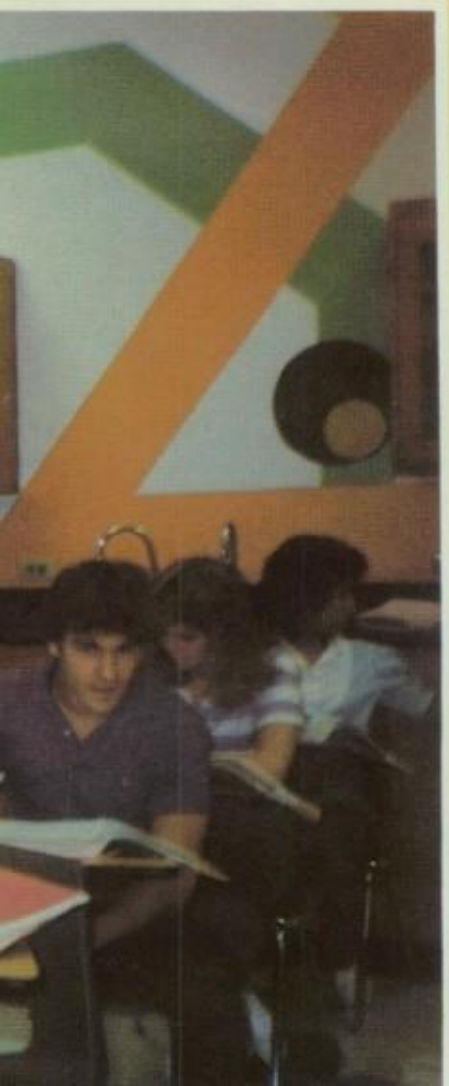
Who dat talkin' bout we can't jam?

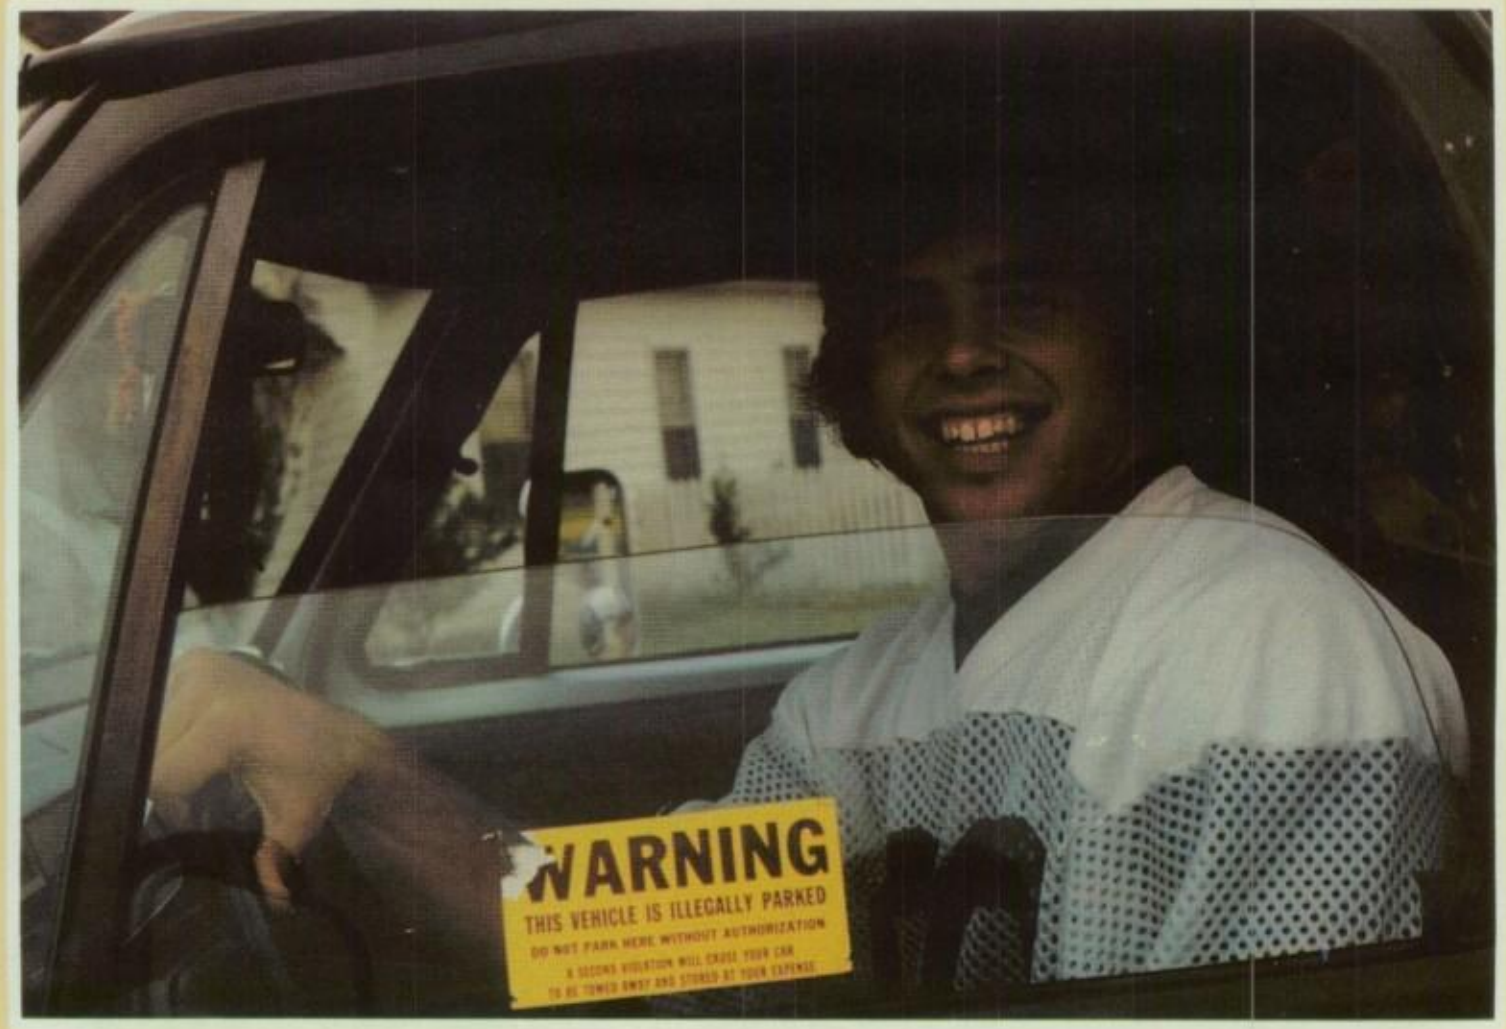
THE JUNIORS BECAME AWARE OF THE HORIZONS OF THEIR FUTURE AND BEGAN PLOTTING THEIR COURSES TOWARD THIS GOAL. WITH EXCITEMENT AND ANTICIPATION, THEY WAITED FOR THE DAY THEY WOULD BECOME CHIEFS OF THE TRIBE.





SENIORS GOT SO CAUGHT UP IN PLANNING FOR COLLEGE OR CAREERS THEY LOST THEIR ENTHUSIASM FOR THE PRESENT COMPLETELY.





Devin, it goes on th

Not while I'm eating.

Say "A-a-h-h-h"

We're two in a million girls.

Yeah, I know but I'm hungry.

Where's Jill?!?

Seniors be good examples.

IT HAS BEEN SAID, "LIFE IS A ONE WAY STREET." THEY COULD NEVER LEAD BACK TO THE PATHS ON WHICH THEY HAD ALREADY TRAVELED, THEY COULD ALWAYS LOOK BACK, BUT NEVER RETURN. KNOWING THIS, STUDENTS REALIZE THAT THEY MUST DO THE BEST THEY CAN WITH WHAT THEY HAVE, WHAT THEY ARE, AND WHAT THEY WILL BECOME.

Without hardly any effort, and less concentration, see what they built.

**Everyone always thought cheerleading was** just eight girls jumping around and yelling, well it's not. Cheerleaders have been known to spend hours upon hours working on signs, practicing, feeding the football teams, and even working at registration. The cheerleader squads always kept the student body's spirit up and the athletic teams going. I feel that we, the students at WHS owe the Varsity and Junior Varsity and Mascots a big THANK YOU!

Even though it was sometimes not as warm as it should have been, other times it was so hot the skin would hang off the roof of your mouth for the next two weeks. We didn't complain, because where else could we eat? Yes, as you can see, Ronnie Applewhite really enjoyed his meal just like all the rest of us. And, in the event that we couldn't eat it, we could always make a pet of it.

# THE THRILL OF VICTORY, THE AGONY OF DE-FEET

**It is halftime and once** again Waxahachie's own Big Green Indian Band marches onto the playing field to fill the next fifteen minutes with music and entertainment.

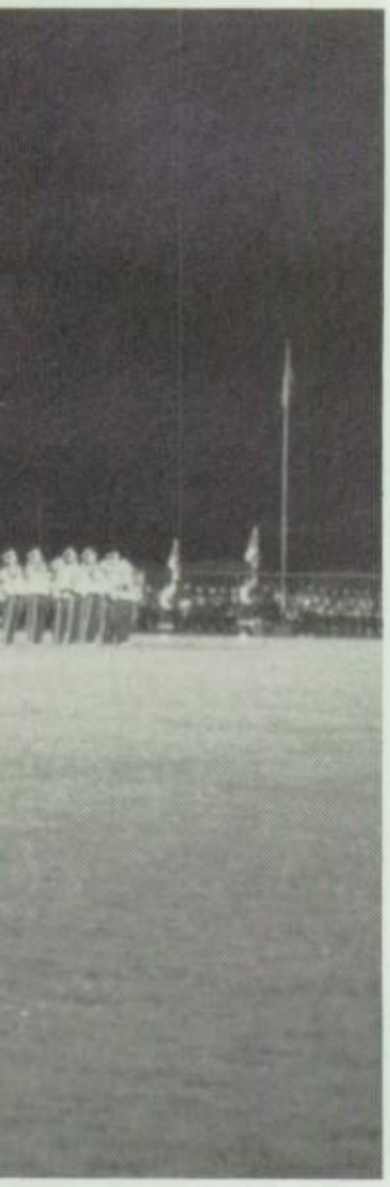
**Maybe some do not realize** how much time and effort goes into those fifteen minutes. The band practices every school day from 7:00 am to 8:00 am and puts in four weeks of camp during the summer in preparation for the marching season.

**In addition to performing at** the football games the band also competes in various marching festivals and gives three concerts during the year.

**When asked why they are** in band some say it is because they like the family atmosphere that band offers. Other are in band because of the opportunity to further their musical knowledge.

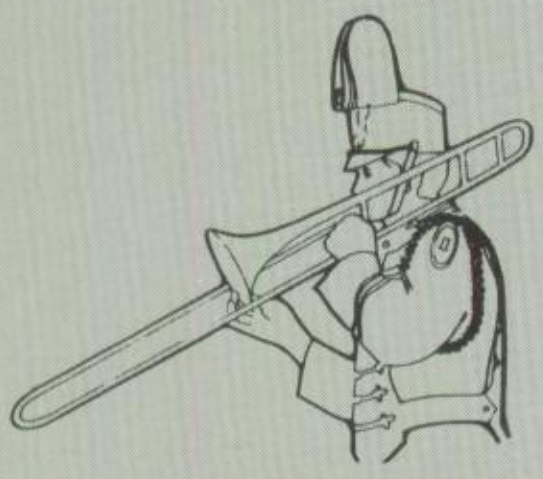
**Band has many advantages for** all those involved. However, there is always one aching disadvantage ..... tired feet.

- Charlotte Ray



# STAGE BAND

**Bottom Row:** Dale Rice, Camille Utsey, Heather Watson, Roger Young; **2nd Row:** James Utsey, Kirk Curry, Laura Davis, Chrisanna Simpson, Andrea Grygar, Jennifer Brown, Taffy Bell; **Top Row:** Duane Condor, Rick Overton, George, Cole, Scott DeWeese, Cary Majors, Jeff Alford, Alan Daughtry, Gerry O'Daniel



**Some people think that the** stage band is just another jazz band, and others do not even know what it is, but actually it is a very important part of WHS. The stage band is a band consisting of saxaphones, trumpets, trombones, and a rhythm section. They play a variety of songs, ranging from classical jazz tunes, to the latest pop favorites. Of course the young musicians do not get to sit around and play their favorite tunes all period. They are also busy learning scales and music theories. It can be lots of fun though The band gets to play at basketball games and even went on a tour in the spring. Mr. Pickett and Mr. Centura also added to the fun by offering their support and encouragement to each talented individual. If you are one of the few who has not yet had the pleasure to catch one of the stage band's concerts, you should be sure to get a ticket to their next one. After all, these kids are going to be big one day.

# FLAG CORPS

**"Flag Corps! What does the** Flag Corps do?"

"What do they do!?!"

"Haven't you ever noticed the girls carrying the flags that appear every Friday night at football games?"

"Hey, I have seen them. They are pretty good. But is that all they do, perform at football games?"

"Are you kidding, they do lots of other things."

"Such as?"

"Well, they compete in different marching festivals like the Cleburne Marching Festival where they received a superior rating this year."

"And?"

**It was the final minutes** of the first half of the football game, and in the brightly lit stadium of Waxahachie High School, two lines of elegant young ladies stood at silent attention, each girl oblivious of the screaming fans watching the game. All of them lost in their own thoughts such as, "I hope I remember what to do." or "Do I have enough make-up on"?

**Then, suddenly, the first half** was over and Tina Nelson, the captain, started counting and both lines marched steadily forward, each girl lost her previous thoughts and just concentrated on giving an excellent performance.

**Being a charmer wasn't always** all fun and glamor. A lot of hard work and long hours went into it. The work consisted of getting up in the wee hours of the morning and getting to the gym by six a.m. But as quoted from one charmer, "When you get in front of that audience it makes it all worth while."

# THEY WERE ON THEIR TOES FOR US

## A Different Group

**C.C. & Company was different** from drill team. It was for drill team members who wanted more than performing at football games. It was composed of the best drill team members who made themselves into one specially trained group of dancers. It also gave them a chance to be closer and really get to know each other. Routines were created and performed by the company. The appreciation exibited by the crowds made these girls feel especially proud of belonging to a performing specialty group.

## School Pride Soars

**Like a new born phoenix** (the mythical bird hatched only after its nest has been burned) the new Student Council rose from the ashes of the past and took flight. It never landed. Under the leadership of Kristi Cox, the Council accomplished many things. It helped to arrange for the new soft drink machines in the cafeteria and decked the halls for Christmas. With money raised from the spirit chain contest and homecoming dance, the Council bought a stereo for the cafeteria and a popcorn popper for the teachers. The Student Council brought a new sense of school pride.

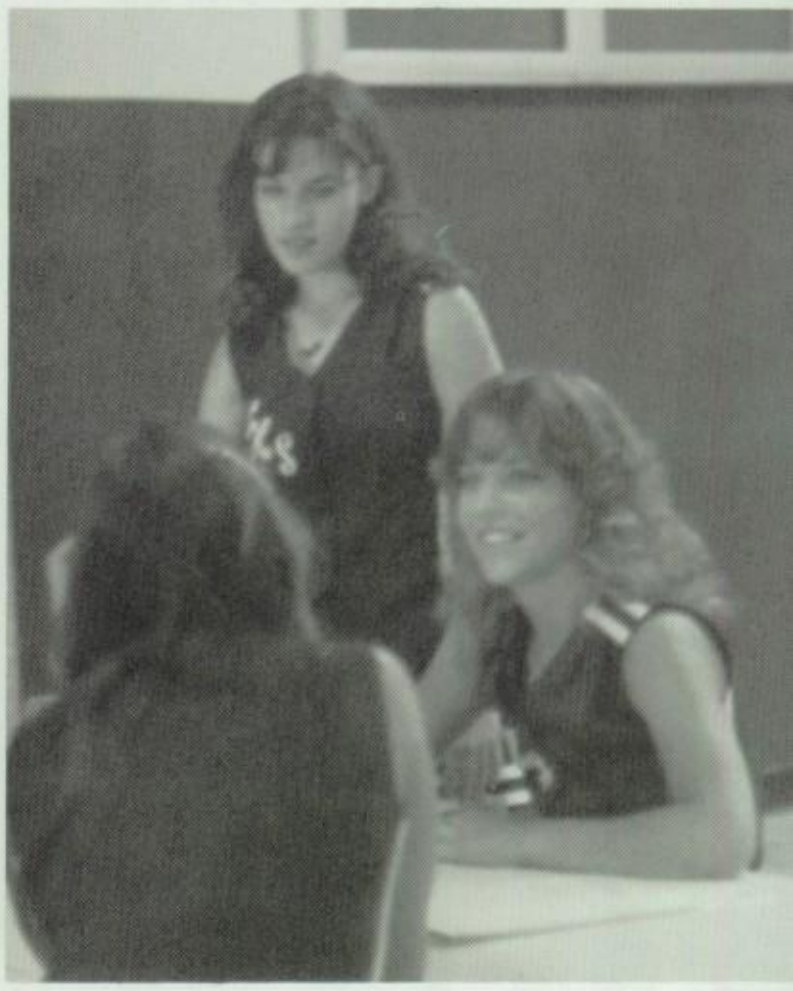
# MORE THAN JUST



# CHEERLEADERS

Varsity Cheerleaders

The Varsity Cheerleaders were more than just cheerleaders, they were our top spirit builders, from painting the massive tear throughs to holding pep rallies in the hall.

They were also kind enough to feed our Varsity Ball Players with a continuous supply of food that ranged from hot dogs and chips to a Hawaiian Luau which consisted of fresh pineapples, watermelon, strawberries, and even Hawaiian Punch.

Their skills did not stop in the kitchen. At cheerleading camp, the cheerleaders were UCA finalists, Superior Squad, and Pompom Finalists. They brought home six blue ribbons, one gold ribbon, and they won the spirit stick five times. At the Lake Highlands competion they won one blue ribbon. To have the great squad they had they needed dedication and cooperation, and these young ladies had plenty of it. Cheerleading involves long, strenuous hours of hard work, but it was a worthwhile experience that enabled them to have a lot of fun.

# SPIRIT BUILDERS

## J.V. Cheerleaders

**The J.V. Cheerleaders were not** ordinary cheerleaders. Not only did they help the varsity cheerleaders build spirit at pep rallies, but they also helped at the beginning of school by taking the freshmen around and getting them familiar with our proud school. They also fed our football team with a variety of foods.

**The J.V. Cheerleaders did not** keep their skilled talents a secret, they went to competition at a camp where they reached the finals and one six blue ribbons and one gold. They won the spirit stick fives times and took it home with them. They also went to competition at Lake Highlands and won one red ribbon (representing excellence). Cheerleading was not all fun, it was pretty rough at times, but in the end it was well worth it.

# Fans Support Teams

**Fans, the Thorndike Barnhart dictionary** defines the word as a person who is carried away beyond reason by his feelings or beliefs, this truely describes the attitude of Hatchie fans. Waxahachie fans have been said to be the number one loudest and most enthusiastic. Records have been set at football and basketball games for number of seats sold. High school students are about half of the fan population. Pep rallies lead by the cheerleaders have become an experience at WHS. But best of all the fans have shown their devotion to Waxahachie sports though thick and thin.

# Unknown Fan Strikes W.H.S.

**Almost everyone has asked the** question at one time or another, who was that masked man? Using my reporters sixth sense I have uncovered this mystery that has baffled the great minds of our time. The unknown fan is an everyday WHS student, who is 17 and one of our glorious seniors. His name is Mike Clince and he allowed me to enter his solitude momentarily to partake in this interview. I asked Mike what had possessed him to cover his face. His response was, "If you see just a person dancing in the stands and having a good time you pass it off as a regular person, but when you see someone with a bag on his head you look twice." The gong show and his imagination have created this spectacle of man's creativity., Ending up our interview Mike's memorable words, to the future unknown fans and fans in general sums it all us, "Stick with it, don't let people get you down."

# HOSTESS: NOT A PIECE OF CAKE

**The Athletic Hostesses are chosen** from the junior and senior classes. These girls work very hard throughout the school year assisting at various athletic events. These events include hostessing football games, basketball tournaments, track meets, golf tournaments, baseball games, etc. Each girl takes pride in being a hostess and representing our school.

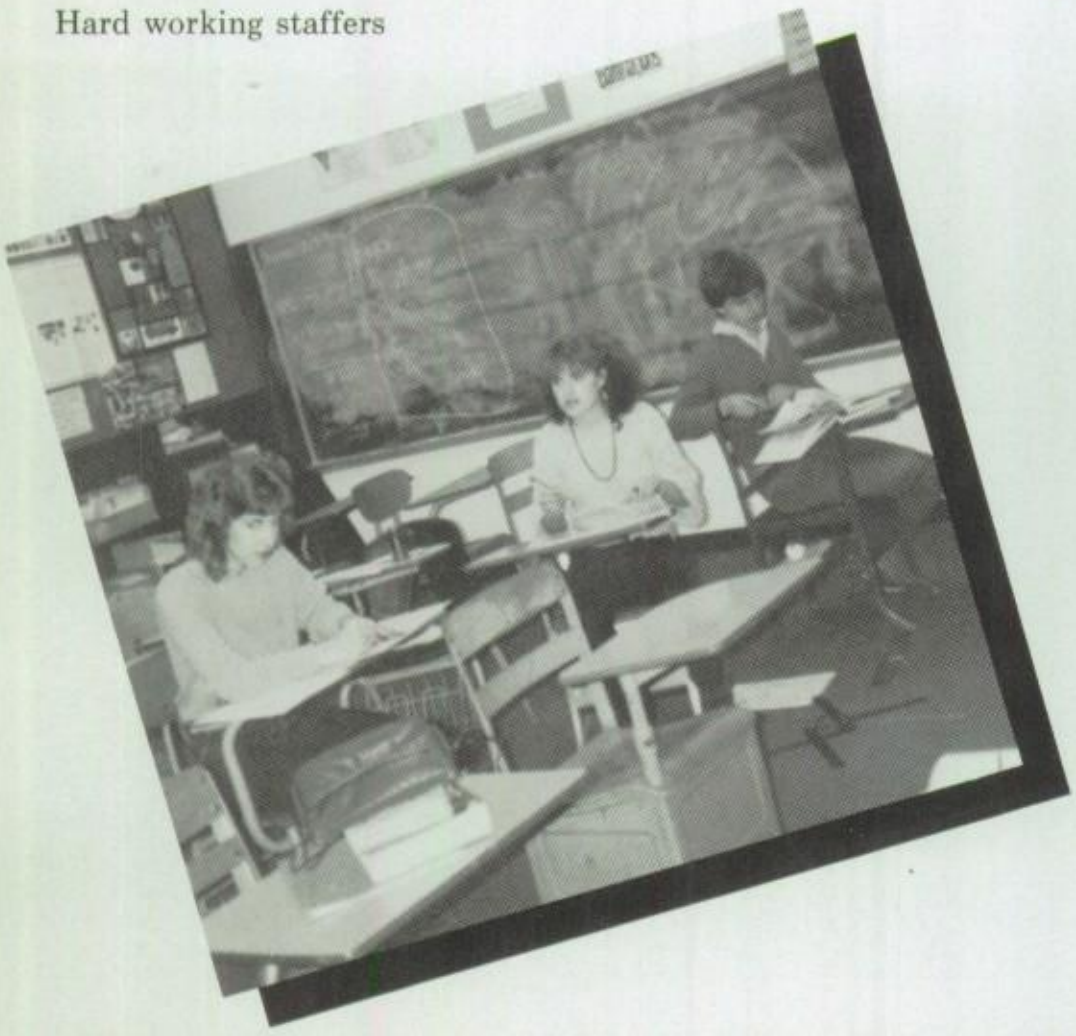
Hard working staffers



We're not wierd, we're different.

# YEARBOOK STAFF NOTHING TO SNEEZE AT

**Every year since we can** remember, the yearbook staff has written about how hard it was to make a yearbook. Well, you all know about that by now, so we are going to talk about the unheralded heroes behind the photo croppers. Starting off at the top, there is Mrs. Tulips, uh Mrs. Phillips. She was a little off at times, but we still love her. Next, we answered to Judy Shank, our editor. To be an editor takes a lot of understanding and time. Judy fulfilled that with dedication. Next, Marni. Well, she had a lot of energy, and she got the job done. Gary became the most paranoid of the group, all the girls were after him. Melody and Raquel slaved many a day on an unending index. Charlotte and Debbie were the ones who stayed away most of the time selling ads. Randy was the person in charge of business transactions and never, never let a day pass without a philosophical thought. Chrisanna also become involved with the index, pausing now and then to draw a layout. She became a sight for sore eyes being a person who thought for herself. Last, but not least, the two characters whose voices began every student's and teacher's mornings- Bryan Felty and Anthony Cantu (AKA Mr. Deadline and Mr. Super Staffer) Yearbook staff wouldn't have been the same without them. As the year progressed, the staff became a very close-knit unit. Many good and bad moments passed our way. In our opinion, we think this is the best yearbook yet. Thank you for your support. — 84 Staff

# CHOIR HITS HIGH ROOF TOP NOTES

WHS is really in tune.

## Do, Re, Mi . . .

**The choir at Waxahachie High** School is undergoing growing pains. There are a lot of new and exciting changes taking place. The Choraliers is a new group consisting of sixteen voices selected by Mrs. Hettle. They are very excited about this new group. Both the choir and the Coraliers have been busy preparing for concerts at schools and other places in the community. They are looking forward to more good changes in 1984.

# LIGHTS, CAMERA, ACTION!

## Dedicated Crew

**The International Thespian League is** a small group of elitists from WHS's Drama and Speech Department. This dedicated crew of actors participates in many activities throughout the year other than, of course, play production. For instance, the national convention held annually in Indiana offers participating students the opportunity to learn stage skills such as basic acting, blocking, stage combat, as well as many other things.

**Perhaps more rewarding than practicing** our skills as actors and actresses are the rewards received from working and dealing with people. The theater gives us all a little better insight to the more meaningful side of lifting . . .

# ART GALLERY/FRENCH CLUB

## Many Moons Ago — A Continuing Saga

**Oswold Waller and his merry** band of marauders travelled the outskirts of Bardwell, Rankin, and Byrd recruiting new members for the organization. It was during one of these excursions that Osgood met Melvin H. Hatberry, a pioneer in abstract expressionism. Osgood was so taken with Hatberry's style and images that he put aside his marauding ways and settled in the area in order to study painting and sculpture with his new mentor.

Many of Waller's Marauders choose to stay in the same area studying art and contemplating the position of acorns in the matrix of the universe (more later). Hatberry encouraged Waller and his marauders to travel east to the Orient. There he hoped they would be able to discover the true meaning of "through men may you cease or exist."

All was lost, however, when Waller dropped his uniguide and inadvertantly travelled west. Had Wallers Marauders been a sturdier band they would have eventually arrived in China. However, being an odd assortment of creative creatures the group voted to stop after having travelled to the banks of Buffalo Creek. The group was so taken by the beauty of the surrounding hillside that they stayed to contemplate the ramification of the Red Oak acorn and the true meaning of the essence of life.

This explains why after founding the original organization, Osgood Waller settled in the area.

For many years, Waller had a profound influence of the development of the local club.

**"The response to the French** Club this year has been overwhelming! We have had many successful money raising projects which have allowed us to participate in various activities including the annual trips to a French restaurant, our own community French dinner, plays, concerts, etc. ... Brrring, and another year began, but this year was different. There was a new group of Juniors, and what a group! These Juniors had a lot of enthusiasm. They even had the audacity to beat the Seniors on the Homecoming Halls. The Juniors had many things on their minds including Sr. rings and the prom. This class participated in many sports, organizations, and school activities, those they didn't participate in they supported all the way. I am proud to have had them as predecessors to the Senior Class.

# It's Lonely At The Top

**Being at the top can** be extremely lonely especially for Coach Cynthia Williams. She has won many prestigious awards including 1983 Coach of the Year. In the seven years she has been at WHS she has taken five trips to the state tournament in Austin, but all five times she has come back empty handed. Coach Williams loved going to Austin but her main goal was and is to come home as the "State Champs!"

# Accepting The Challenge

**The J.V. volleyball team had** a pretty good year. Every member had each other as friends, thus having a team unity most teams lack. With this team unity a championship is grasp. Then, and only then, can anyone accept the challenge of the teams from the past.

Slam that ball.

# GREEN AND WHITE FOREVER

**In the dark one lonely** Friday night, forty-six warriors clad in green and white prepared to enter the arena. Six thousand screaming, blood-thirsty fans awaited the arrival of the mighty Indians. In the locker room, the silence penetrated the ears of the tense braves. A silent cough sounded as if a lion prepared to devour its prey. All eyes turned as the light was switched on by a jubilant head coach. The immortal words were uttered, "Men, this is the game that will decide our fate, and only you can decide if you want to win." A prayer was then said, praying that players would not be hurt, but every Indian prayed that his team would come out victorious.

**Let's go!" yell the coaches,** and the players begin on their trek to the playing field. Everything after the initial kickoff was a blurr. The game went by extremely fast, but at the end, the Indians proved themselves victorious. A mere flip of a coin decided the playoffs. The 1983 season ended with a 8,1,1 record.

**The season** ended, but the fellowship and unity of the big green Indians will never be defeated! GREEN AND WHITE FOREVER!

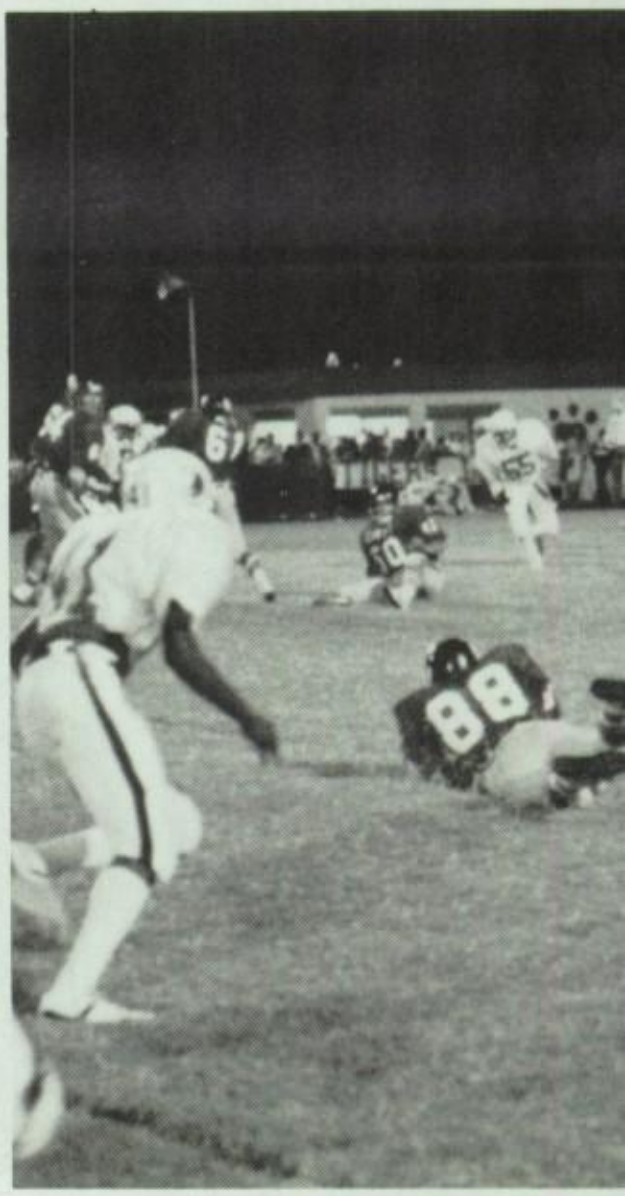
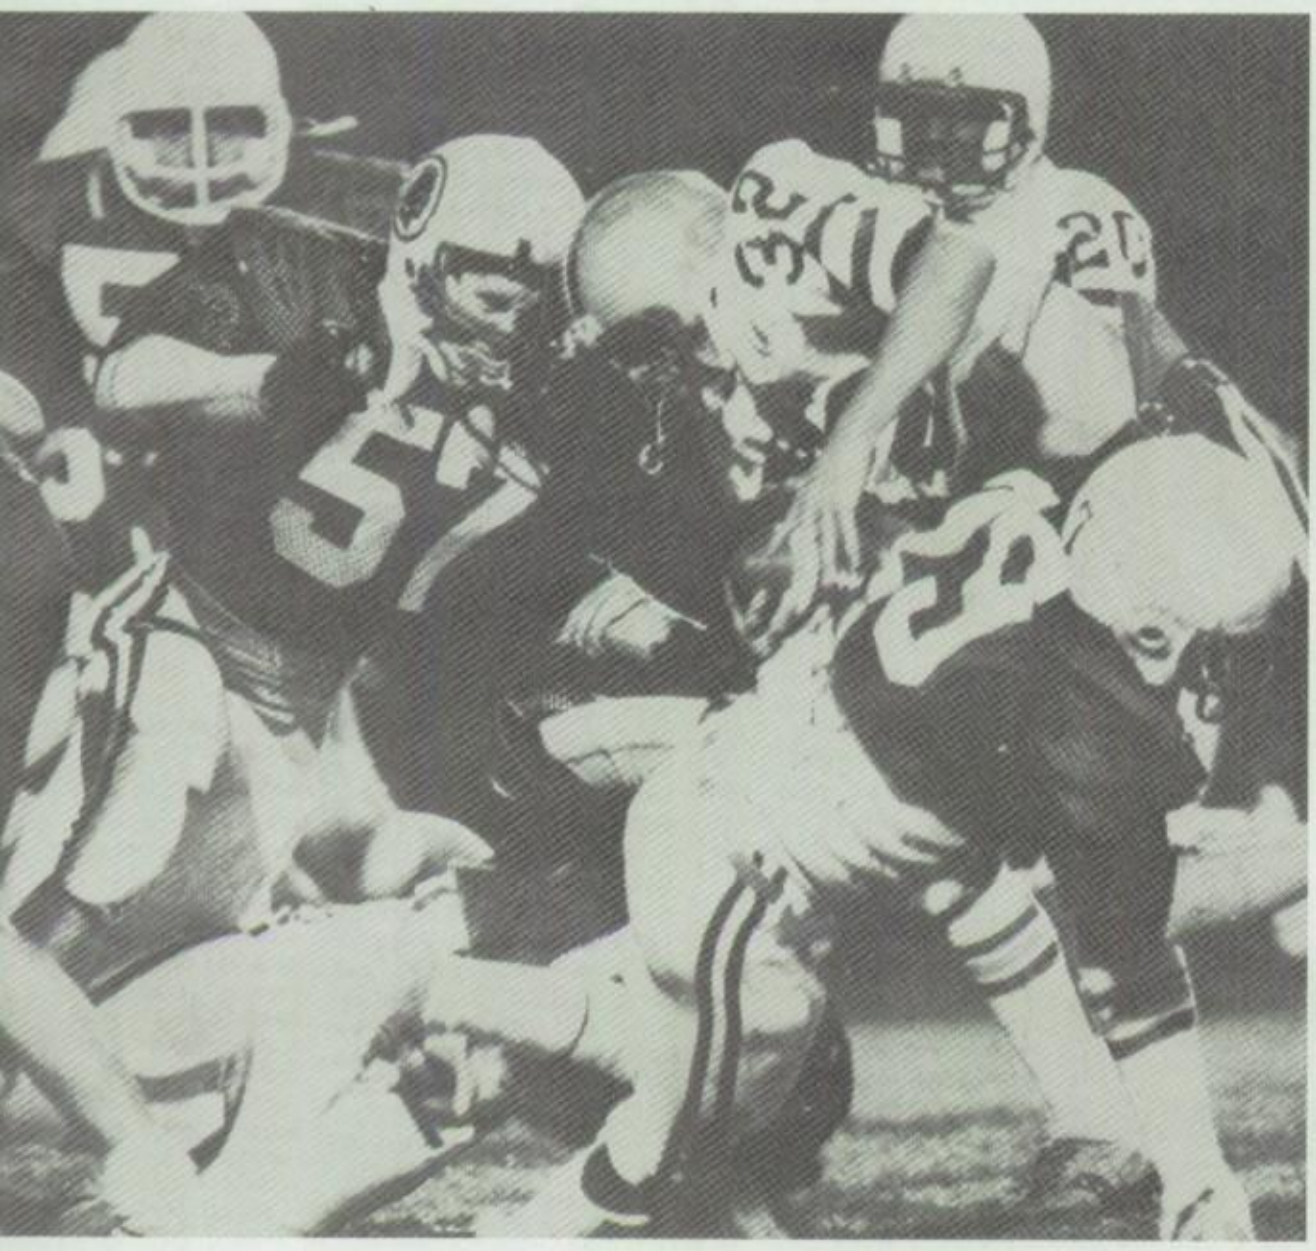
# Only The Strong Survive

**Off season is a time** of renewal and preparation. Every player may not look forward to it, but it is inevitable. An athlete's normal day would include pulling tires for building stamina, the toe mat exercises, the lifting of weights, and other irksome tasks. After the off-season period, all the preparation and final touches have been completed. The final product is a stronger more unified team. As the saying in the field house goes, "Only the strong survive."



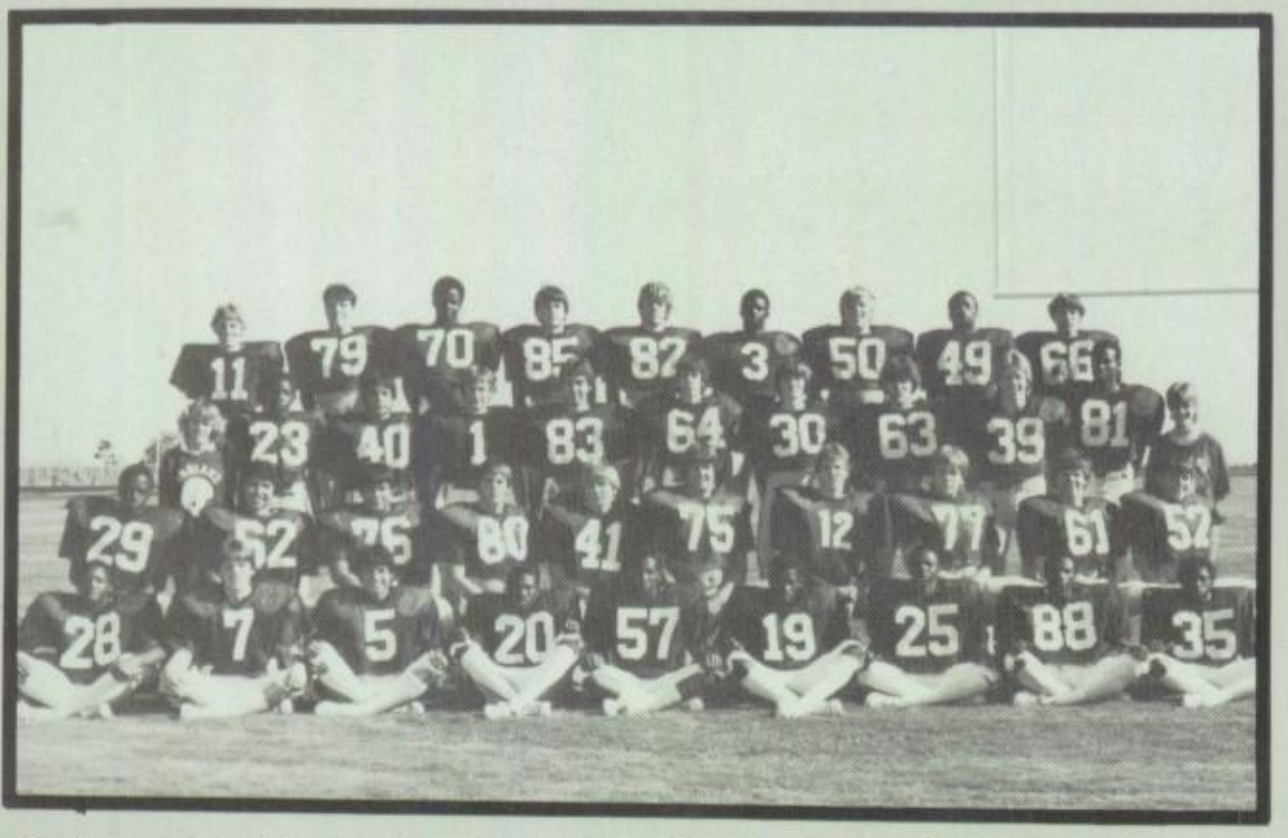


Kenny Heflin and Vernon Robinson caught in the process of tackling a rivalry.

# J.V. The Future Champions

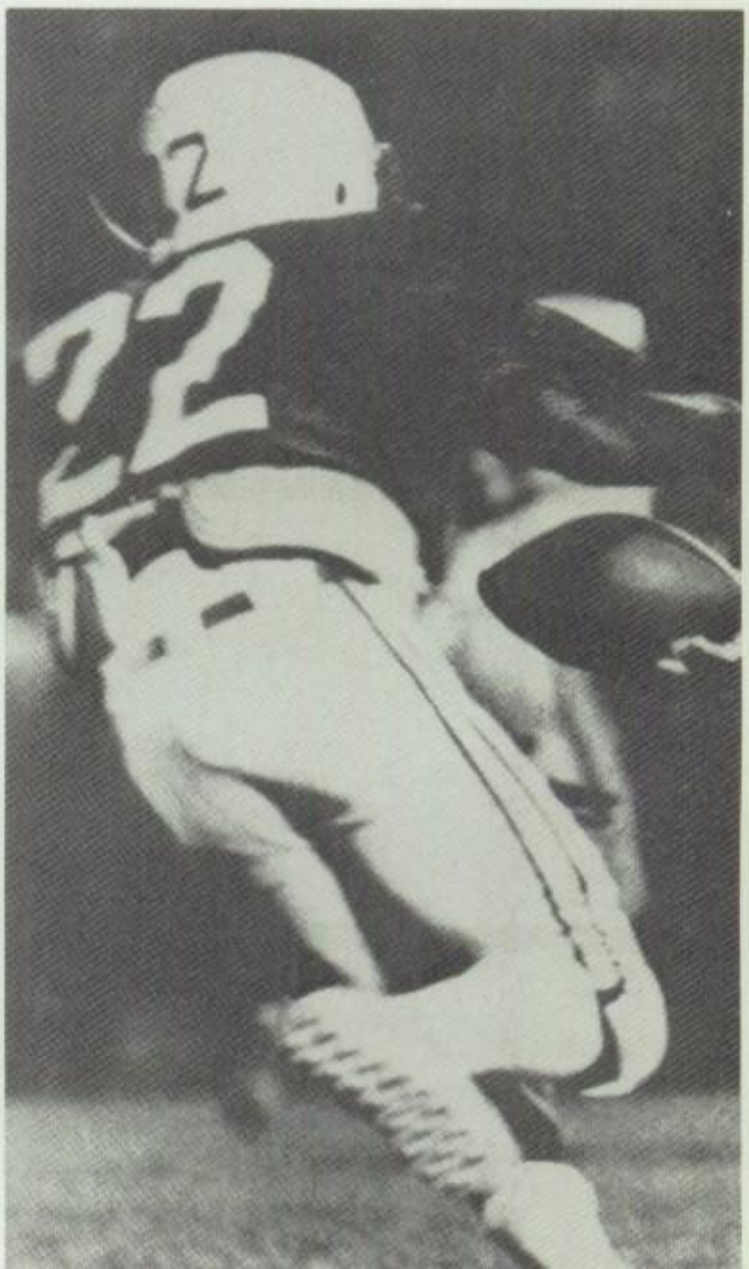
**Considering ending the 5 win,** 5 loss season was a hard thing to do; considering all the pressure that was on the JV, trying to be better than the varsity's record, all the pressures of the coaches, the team did pretty well. Looking forward, this team may prove that it can fill the shoes of the '83 Varsity team.

**Starting the off-season on** a disappointing note, varsity not going to the playoffs, spirits soon rose and regular hard workouts began. At spring practice, the cream of the crop readied themselves for the upcoming year. All the years of hard practice has made the WHS Athletic Department strong, buy only the players could decide if the Indians would become the future champions.



**Bottom Row:** Richard Donaldson, Tracy Escobar, Danny Ortiz, Kerry Jay, Anthony Price, Aaron Levingston, Timothy Roberts, Gerald Flowers, Andrew Reynolds; **2nd Row:** Vernon Robinson Antonio Saenz, Edward Quintana, Mike Cooper, Neil Hudson, Jeff Schaefer, Dean Splawn, Chip Kelly, Jeff Morgan, Dewayne Volentine; **3rd Row:** Kim Moritz, Ralpheal Smith, Jerry Cuellar, Holger Dehenin, Chris Clem, Jerry Shipp, Robbie Odom, Andrew Childress, Greg Cardwell, Daryl Overton, Yvonne Sapolio; **Top Row:** Payton Ker, Sam Witten, Keith Owens, Clint Calvert, Thad Trapp, Steve Cooks, John Griffith, Gerald Hudson, Vincent Sapolio

Conquering a football field comes naturally to Hudson.



## Entering High School Football

**"Give your insurance packets to** Coach Arnold, get your shoes from Coach Stevens, try on a helmet and go find shoulder pads." These are just some of the first words uttered by the coaches to the fresh recruits. Many of the young players find that this lifestyle is not what they had expected. Freshmen were divided into two teams this year, and in the future they may prove to be formitable foes against our rivals.

**Bottom Row:** Windell Washington, Mark Hester, James Villarreal, Mike Rich, Ben Barrett, Mike Roe, Paul Gilson, Clay Schoolfield, Mark Ballard, Demetrius Dansby, Josh Colosimo, Louis Hernandez; **2nd Row:** Chuck Light, Daniel Solis, Stephen Mott, Travis Street, David Schwartz, Greg Prater, John Majors, John Rutherford, Byron Davidson, Bryan Jackson, Jason English, Chet Lewis, Chris Kelley; **3rd Row:** Kim Moritz, Jason Walker, Jackie Whitt, Patrick Felty, Chris Marrs, Darryl White, Todd Campa, Marcus Clem, Ricky Limitone, Gary Dollar, Matt Story, Eric Hartis, Rodney Dulin, Yvonne Sapolio; **Top Row:** Tony Beets, Carey Crane, Steve Larey, Darron Tapp, Brad Norris, Jimmy Ensinia, Greg Centilli, Gordon Rutherford, Mark Williams, Robert Machovsky, Scott Rogers, Kurt Shortes

# TEAMWORK AND RAW TALENT

## Follow The Bouncing Ball

**The Girls' Varsity Basketball Team** didn't lack for spirit. They learned to strongly depend on one another. They worked and played well as a whole, and gave it their best shot. In spite of the team's inexperience, they showed much competitiveness. This was evident in their games.

# SPORTS EXTRA

**Putting the team on** the court with the cleanest uniforms is where Rodney Alsup comes in to play. Rodney (Skippy) is our varsity basketball trainer/manager. His duties are basically taking care of the team needs, as well as taping and doctoring injuries.

**Skippy began by trying** out for the freshman basketball team, but asthma prevented his making it. After the tryouts were over, Coach Aldridge asked Skip to be the manager of the varsity team. Rodney said, "I want to be a part of the team."

**Rodney's plans for college** include being the trainer of a major college basketball team. A few of the colleges interested in his abilities are Texas Tech, Baylor and Colorado State. After many hours of consideration, Rodney picked Baylor University over the others.

**Watch TV, because someday** Rodney (Skippy) Alsup may be assisting a pro basketball player for some future basketball team. -Bryan Felty

## School Unity

**The yellow arm bands signify** a unity and a way of recognizing fellow teammates from adversaries. As the different organizations such as sports, band and the Charmers have represented a unity and a way of fellowship to bring our school together, thus the different organizations and groups thrive, and the WHS tradition of excellence will live forever. - Bryan Felty

# THE WINNING TRADITION LIVES ON

## Hatchie #1

**Indian Basketball reached a new** high in the 83-84 season. The competition was more fierce than the season before. Almost every game was a tight squeeze but the season turned for the best. Team members include: **Bottom Row:** David Williams, Lionel Slaughter, Joe Smith, Todd Alexander; **Top Row:** Charles Moody-Mgr., Jeff Henderson, Randy Ford, Adrian Frazier, Lee Parks, Teddy Harris, Marcus Finley, Michael Anderson, David Hudson, David Jenkins, Rodney Alsup- Trainer, Carlos Contreras-Mgr., **Not Pictured:** Steve Cooks

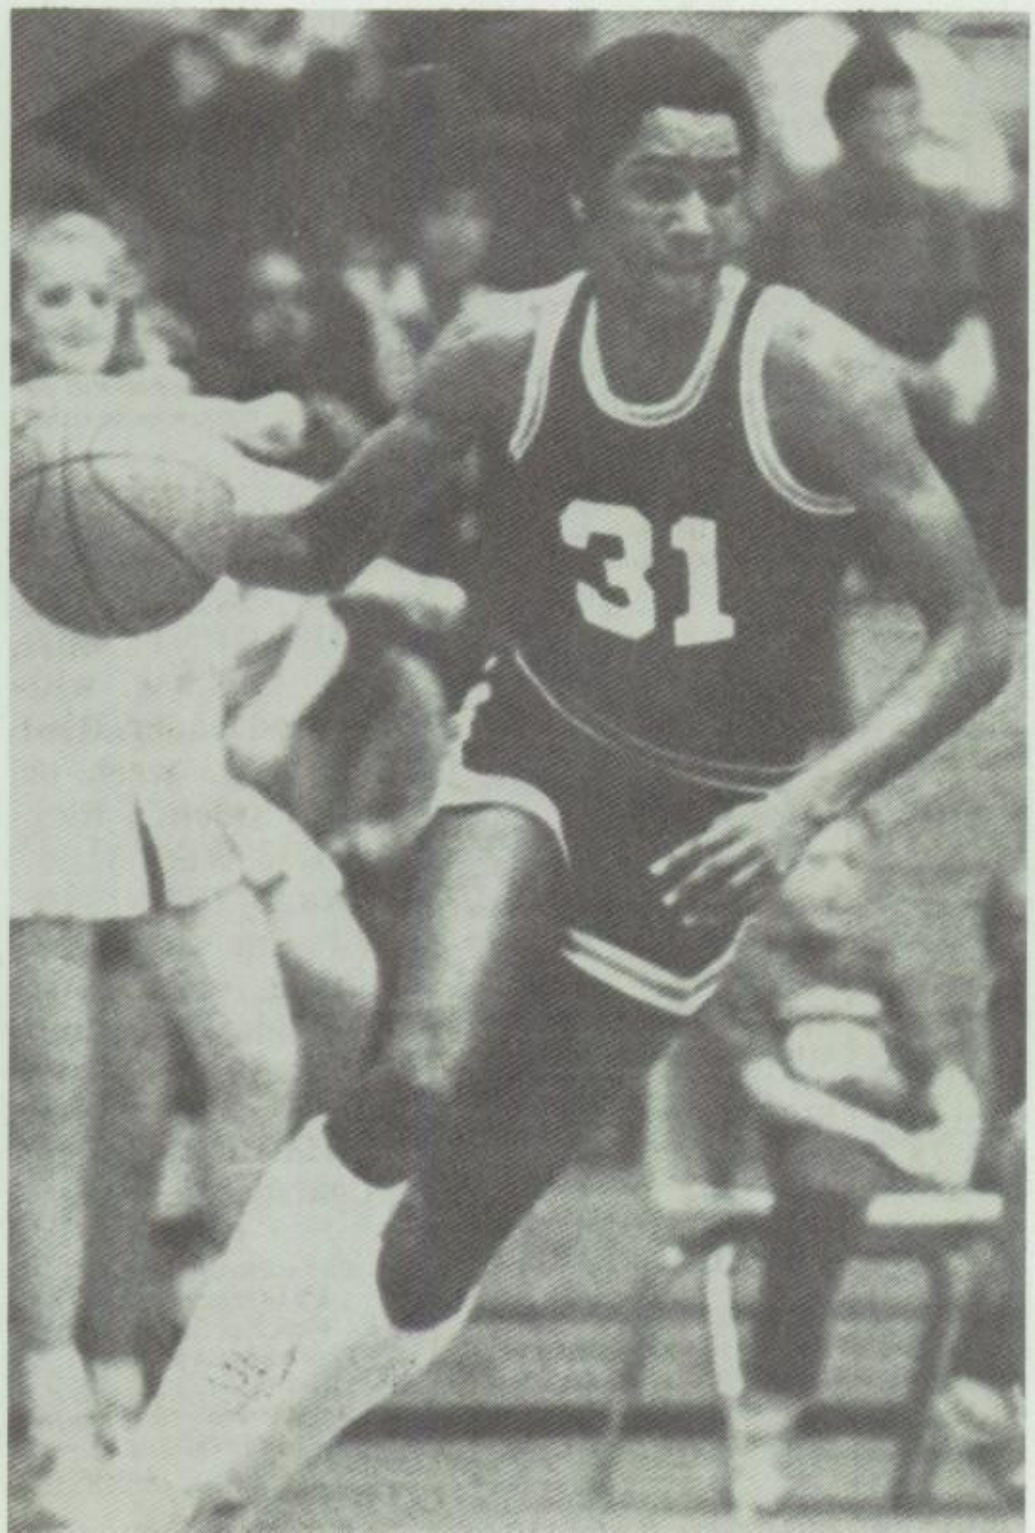
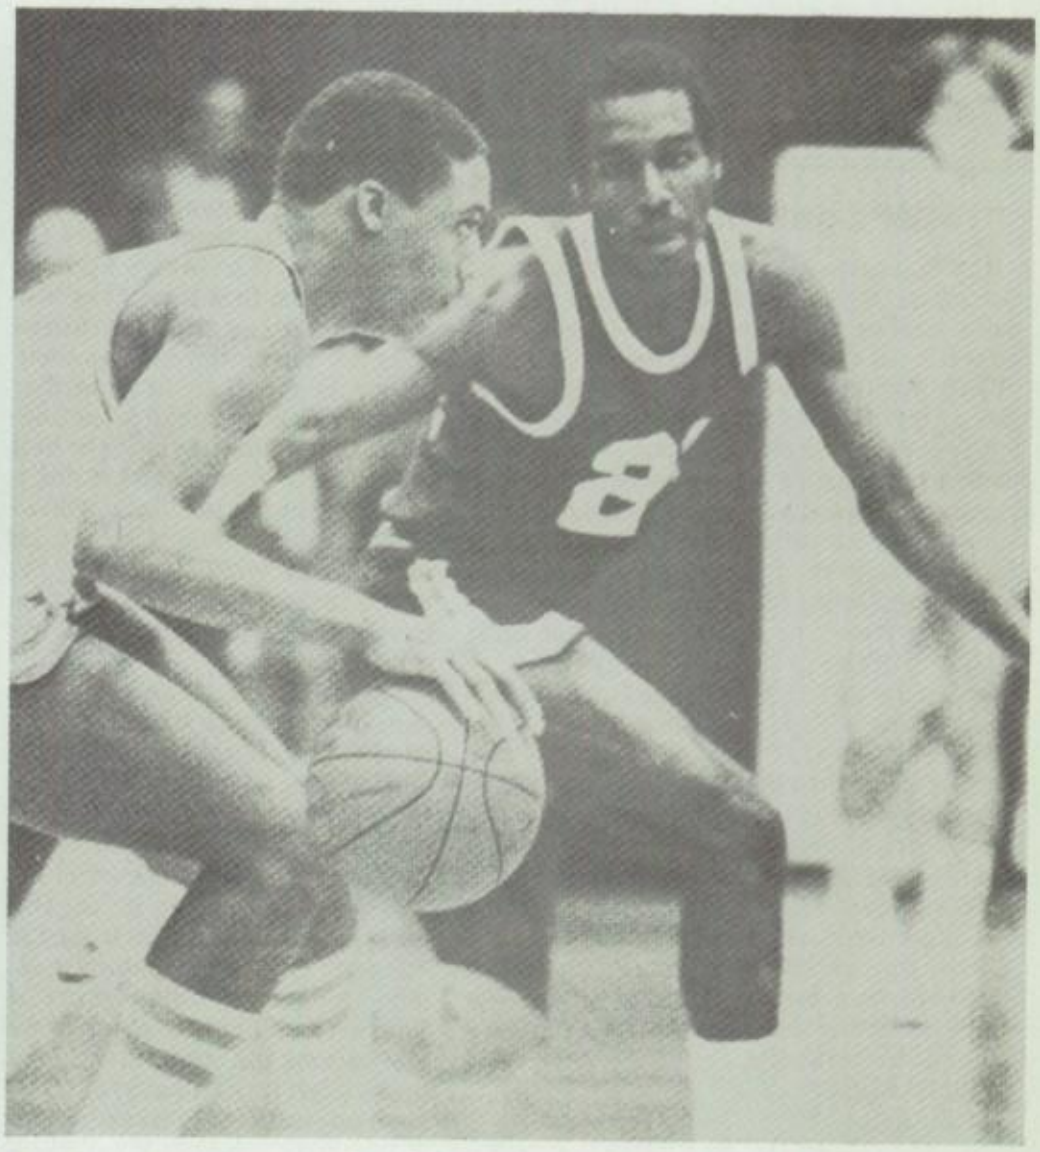
## State Champs Start Over

**Returning with a state** championship banner put the Indians under a lot of pressure. After a slow start, the Indians decided to put on their moccasins and play some real basketball. In the end, the Indians slam dunked in a great season.





Slaughter on the defense.

One feat of incredible balance.

**Bottom Row:** Tom Kientzle-Mgr.; **Top Row:** Damon Borders, Andrew Reynolds, Gerald Hudson, Maurice Alexander, Steve Butler, Ricky Smith, Greg Centilli, Keith Owens, Darrel Overton, John Butz, Anthony Crawford, Anthony Lacey, Greg McKeever, Casey Hughes, Regnald Davis, Gerald Flowers

## One Step Away

**J.V. and Freshmen are one** step away from the next level. Each is being trained and shaped into future Varsity ball players. These levels of basketball have the same, if not more enthusiasm than the varsity level. Being guided by the excellent coaching of Coach Bentz and Coach Wells, these two teams have exceeded the hopes and dreams of fans and parents alike.

Practice makes perfect.

# PRACTICE

**Practice in the afternoon means** hard steady action and long hours of exhausting work. It's good training because their next year will mean harder workouts with the varsity team under Coach Midkiff. The sweaty workouts will always be imprinted in the minds of the 1984 Junior Varsity baseball team.

**Bottom Row:** Randell Forgeson-Coach, Clint Calvert, Robert Kelley, Alfred Regalado, Dean Splawn, Kevin Woodley, Robert Jiminez; **Top Row:** Tracy Escobar, Timothy Robertson, Payton Ker, Aaron Livingston, Jerry Shipp, Greg Bishop, Richard Gonzales, Danny Ortiz.

## FRESHMEN JUST FRESHMAN

**The new team just entering** high school had a lot of potential but still needed to define their skills. They worked hard all season and passed many obstacles in their path. Moving up through the school means that their maturity as well as baseball skills will improve making a better team for the school.

Relaxing before practice.

# Fore Country

**The new season brought the** team a little closer to a championship. The team, which was comprized mostly of under classmen, became a surprising opponent to many of the bigger more experienced teams. The agony of practicing every day after school helped create a stronger sense of team unity. Team members include senior Mike Hartly, juniors Mark Morgan, John Kvale, Von Pigg, Chris Clen, Kevin Six, and Rodney Farris, sophomores Charlie Barron, Scott Pleasants, Jonny Wilson, Gary Nelson, and Cary Atkins, freshman Mark Gass, Mike Jones, Clint Fikes, Bob Watson, and Cory Six.

# GRAB SOME HIGH-POWERED EXCITEMENT

## MID-ENGINE DESIGN GIVES IT AN AMAZING COMMAND OF THE ROAD!

Pontiac Fiero is the very first mid-engined production car built in America! Fiero's mid-engine design places the powertrain unit behind the driver, but ahead of the rear wheels, resulting in excellent weight distribution – and impressive handling performance. Fiero features fully independent suspension, rack and pinion steering and power 4-wheel disc brakes, all standard.

Pontiac Fiero! Test-drive Pontiac innovation in action today!

Stacy

Hi, this is something I've been wanting to say to you and this is the best time.

People may make fun of us, but they don't understand the hard work we do to achive the goal we have set for our life. Before I got involved in your class I really didn't have a goal, but you helped me set one. There are going to be people to ~~polk~~ poke fun at us. Do you just pokt them back. (Ha, Ha). Thanks for being my friend.

Lylab,
Joe H.

P.S. It's partytime!!!

# Year In Review

**This past year has been** both good and bad for America. Our fighting Marines have occupied foreign lands, first in Lebanon, then in Grenada. We were also horrified to hear that a Korean jet was shot down by the Russians, killing fellow Americans. We have seen the death of many great people this past year. From the world of entertainment, we mourned the death of Karen Carpenter, David Niven, Jessica Savitch, and Ira Gershwin. In sports, we were all shocked at the death of the great Paul "Bear" Bryant and wrestler David Von Eric.

**On the political side,** Yuri Andropov, the Russian President, died after an eight month absence from public appearance. In the medical world, American doctors performed the first successful artificial heart transplant of Barney Clark. Mr. Clark lived for several months with this plastic heart. The American space program rose to great heights this past year with many firsts . . . the first untethered space walk, the first black man in space, and the first woman in space.

**All eyes were glued** to either the television or the movie screens. MTV was the big winner on television with everyone watching Michael Jackson's big video, "Thriller", while the movie screen was filled with sequels including "Return of the Jedi" and "Staying Alive".

**There were many roads travelled** by many people, but the road to the Winter Olympics was the most memorable. We watched with pride as our athletes won medal after medal. "USA!" "USA!" became a chant of honor. Considering all things, we can truthfully say, "It Was a Very Good Year".

Our one-way street has led us to another memory filled edition of "The Chief". We can never go back, to the State Championship Game, the great pep rallies, or the magnificent heating and cooling system, except through the pictures and words we have placed here. Reliving our high school years will always include these special moments.

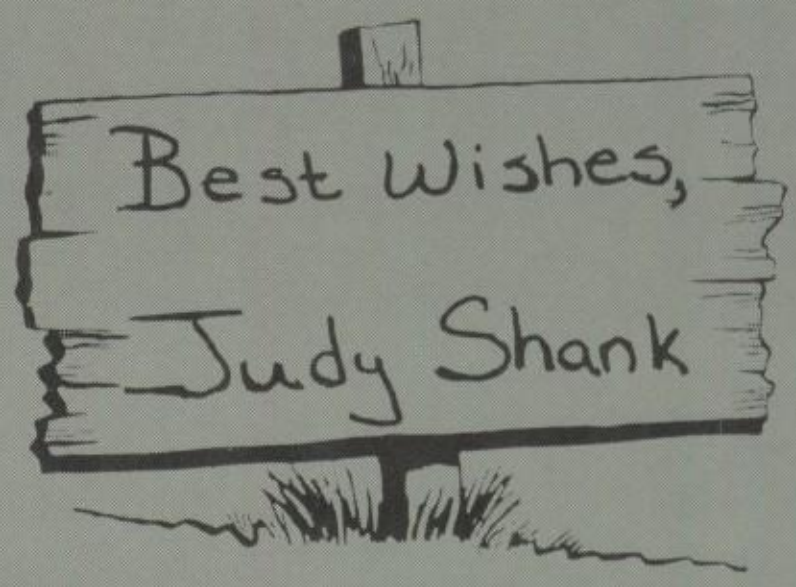
# EDITOR'S LETTER

**During my high school years,** I have found that the yearbook is something that has captured memories in pictures and words that might have been forgotten. The yearbook is a memory book put together for everyone by a few people called a staff.

I would like to thank my staff, because this yearbook could not have been completed without their help. Although they were very young and new, they tried their hardest and improved 100%. Mrs. Anne Phillips also deserves my sincere gratitude, without this wonderful advisor, I would have never made it through this year.

Although we had many problems, I feel that we have put out the best book we could. There were times when we all wanted to say, "Let's just go home and forget about this," but we all knew what had to be done.

We, the 1983-84 yearbook staff, hope that you the WHS student body and faculty are pleased with this book, because it is for you.



Stacy,
I think you're the
best friend a gal can
have. I'll miss you, but
maybe will meet again.
Love always,

Stacey:
Well, we finally did it.
Good luck and best wishes
in the future.

Stacy,
You've been a good student in Speech this year and I hope you can take some speech classes in college to further your talent.
Good luck & be sweet.
